# FleetWare Quotes Browser

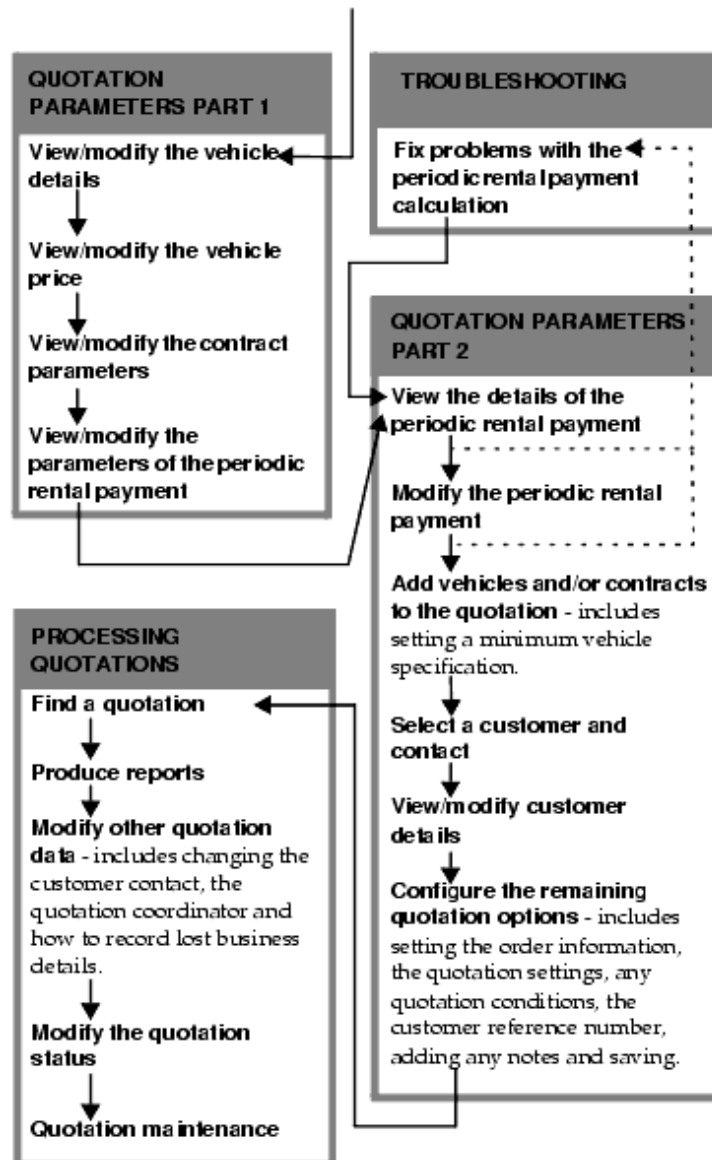

This status driven quotation process is designed to address the specific needs of corporates, dealers, brokers and end users/private customers. Accessible via the Internet or a company's Intranet/ Extranet, its integrated workflow facilitates rental, lease & purchase quotations through to order stage.

This status driven quotation process is designed to address the specific needs of corporate users, dealers, brokers and end users/private customers. Accessible via the Internet or a company's Intranet or Extranet, its integrated workflow facilitates vehicle rental quotations (using parameters set in the Quotes Administration module) through to order stage.

This simple flowchart shows the steps to be followed when creating a quotation. Workflow is configured in Quotes Administration by your organisation, and some steps can be done at more than one time, such as selecting a customer, contact, vehicle options, colour, trim and driver.

This flowchart lists only the first time that a step is accessed.
