

PROFINIA™ PORTFOLIO CONTROL SOFTWARE  
FROM INTERNATIONAL DECISION SYSTEMS®

## Manage Your Critical Business Data and Improve Transparency with One Powerful System

### Deliver the Information Others Demand, More Easily and Accurately

Do you face ever-increasing, constantly changing demands for information about your business, portfolio, and assets? Are you expending more time, money, and resources addressing your audit and regulatory requirements? Are your efforts to comply and control risk limiting your ability to grow your business?

### Provide Valuable Asset Information To Your Customers

*ProFinia* is the complete portfolio management system that enables you to create, track, and post general ledger entries for each individual asset you finance. As a result, you can attract and satisfy customers who require complex reports, including asset-level detail. Seamless integration with industry-standard enterprise systems and specialized tools supports your ability to share this critical data.

With *ProFinia*™, you gain:

- Easy, single-system access to a wealth of accurate, detailed data on all agreements and assets in your portfolio.
- Increased efficiency, through elimination of supplemental spreadsheets and databases previously required to track your data.
- Expanded custom reporting capabilities and access to complete audit trails.
- Power and flexibility to adapt to new regulatory requirements.
- Improve visibility across your entire portfolio, enabling you to make better decisions and plan for growth.
- Improve support of your customer by sharing the data your customers require.
- Track and apply payments at the asset level, the way your customers request.
